## Overview

The  
International  
Pension  
Solution

## INTRODUCTION

Malta is an established Pensions jurisdiction, with its success built on the foundation of a well regulated financial services sector, recognised and respected internationally. Pension Trustees are regulated by the Malta Financial Services Authority, which combined with Malta's membership of the European Union, gives further comfort that your pension is in a well regulated, stable, jurisdiction.

With a number of effective Double Taxation Treaties, schemes that are compliant with Her Majesty's Revenue and Customs (HMRC) rules, and with a legal system similar to the UK, Malta is an ideal jurisdiction for the international expatriate.

## IS QROPS SUITABLE FOR ME?

On leaving the UK you may have left your UK pension arrangements in place.

These pensions remain subject to UK pension law, which may include a withholding tax on income payments, investment restrictions and significant charges on death.

Under UK legislation, as an expatriate or UK resident with an intention to move overseas, you may transfer the value of your UK pension rights to a non-UK pension scheme and thus potentially avoid most of the normal restrictions imposed on the pension fund if it remains in the UK. The transfer must be made to a Qualified Recognised Overseas Pension Scheme (QROPS) that is recognised by HMRC. For EEA resident Members the overseas transfer charge will not apply at point of transfer to a QROPS established in the EEA<sup>1</sup>.

UK pension rights are eligible for transfer into the Momentum Malta Retirement Trust, either before you commence drawing benefits, or once they have come into payment. This includes most types of pension, including income drawdown currently in payment. It is not possible to make a transfer after you have purchased a lifetime annuity or where a pension is already being paid from a Final Salary Scheme.

To establish the suitability of a transfer from a UK pension scheme, we strongly recommend that you speak to a regulated Financial Adviser.
