08. INVESTMENT GUIDELINES

The Trustees need to ensure that the applicant's funds are invested in a prudent manner and in the best interests of the Member. The key principle is to ensure that there is a suitable level of diversification relevant to the Member and that the investment:

- Is in line with the underlying Member's attitude to risk.
- Predominantly invested in regulated markets. Not more than 10% of the Scheme assets can be invested in securities that are not traded in or dealt on a regulated market.
- Esoteric, Non-Standard Investments are restricted to no more than 10% of the portfolio's value. Acceptance of these assets is at the discretion of the Trustees.
- Maximum of 40% of the fund in assets with expected liquidity of greater than 3 months but not greater than 6 months.
- Where liquidity is provided by a secondary market, this must be provided by the issuer of the asset and have a maximum pricing period of monthly.
- Where products with underlying Capital guarantees are chosen, i.e. Structured Notes, these will be permitted up to a maximum of 66% of the portfolio's values, with no more than one quarter of the portfolio to be subject to the same issuer default risk.
- Where no such Capital guarantee exists, investment will be permitted up to a maximum of 50% of the portfolio's value.
- Structured Notes will only be accepted at the discretion of the Trustees.
- In addition, further consideration needs to be given to the following factors:
 - Overall size of fund;
 - Credit risk of underlying investment;
 - Liquidity of fund.
- No private funds or private company shares, including shares in a company where the Member, or a related person is a controlling shareholder.
- No immovable property assets. Property funds are acceptable within parameters set out within this guidance.
- No gearing or leverage through the use of derivative products, aside from the use of structured products, which provide some underlying guarantees. If individual investments or equities are considered, then not more than 20% in any singular asset, aside from collective investments.
- Collective investments or funds that provide a sector and geographical spread are acceptable, even if the investments are confined to one fund with a recognized provider.
- In addition to the above, the portfolio must be constructed in such a way as to avoid exposure:
 - To any single sector;
 - To any single region;
 - To any single credit risk.

09. FINANCIAL ADVISER DECLARATION

We confirm that:

- We have provided appropriate independent advice regarding the suitability of the Applicant's proposed transfer to the Scheme and the proposed underlying investment.
- We are suitably qualified to provide this advice and meet the licensing and regulatory requirements of the jurisdiction in which the advice is being provided.
- All fees have been disclosed to the Applicant including any charges for the underlying investments.
- Where a transfer is from a scheme with any form of guarantee, safeguarded benefits or other defined benefits, we have undertaken the appropriate transfer analysis or organised for the appropriate transfer analysis to be undertaken and the Applicant has been advised of any benefits that will be lost as part of the proposed transfer to the Scheme.
- We have made the Member aware of the provisions of the Overseas Transfer Charge (OTC) and also their legal obligation to notify Momentum of any change in his/her Tax Residency which occurs at any point within five consecutive complete UK tax years from the date of transfer ("relevant period") no later than 60 days from the change occurring.
- We have also made the Member aware that where a transfer of funds from a UK Registered Scheme was excluded from the OTC at the point of transfer, that this transfer remains liable to the OTC, where during the relevant period the Member ceases to be tax resident in the EEA or subsequently transfers to another QROPS and no longer meets the condition to be excluded from the OTC and on such an event, Momentum will be required to apply the OTC on any ring fenced transfer funds held at that point.
- We confirm that any investment advice given to the Applicant will be within the Investment Guidelines issued by Momentum Pensions Malta Limited as varied from time to time (and available on the Momentum website) and any regulations issued by the Malta Financial Services Authority in respect of pension assets.
